undergo a change in tariff classification as a result of processes performed in one or both of the Parties.

## **Article 5**

### **Regional Value Content**

1. Where Annex 2 (PSR Schedule) refers to a Regional Value Content (RVC), the RVC shall be calculated as follows:

RVC =	$\frac{\text{FOB} - \text{VNM}}{\text{FOB}} \times 100$
-------	---

where:

- RVC is the regional value content, expressed as a percentage;
- FOB is the FOB value of the goods; and
- VNM is the value in CIF terms of non-originating materials (including materials of undetermined origin).

2. The value of the non-originating materials shall be:

(a) the CIF value at the time of importation of the material; or

(b) the earliest ascertained price paid or payable for the non-originating materials in the Party where the working or processing takes place. When the producer of a good acquires non-originating materials within that Party the value of such materials shall not include freight, insurance, packing costs, and any other costs incurred in transporting the materials from the supplier to the producer.

3. Both the FOB and CIF values referred to above shall be determined pursuant to the Customs Valuation Agreement.

**Article 6**  
**Accumulation**

Originating goods or materials from a Party, incorporated into a good in the other Party, shall be considered as originating in the other Party.

**Article 7**  
**Minimal Operations and Processes**

1. Except as otherwise provided in Annex 2 (PSR Schedule), operations or processes undertaken by themselves or in combination with each other for purposes such as those listed below are considered to be minimal and shall not confer origin:
  - (a) ensuring preservation in good condition for the purposes of transport or storage;
  - (b) facilitating shipment or transportation; (c)  
packaging or presenting goods for sale;

- (a) the value of all non-originating materials, including materials of undetermined origin, used or consumed in the production of the good that do not undergo the required change in tariff classification does not exceed 10 percent of the FOB value of the good; and
- (b) the good meets all other applicable requirements of this Chapter.

**Article 9**

- (i) the good has not entered trade or commerce there; and
  - (ii) the good has not undergone any operation there other than unloading and reloading, repacking, or any operation required to preserve it in good condition or to transport it to the importing Party.

## **Article 10**

### **Treatment of Packing Materials and Containers**

1. Packing materials and containers exclusively used for transportation and shipment of a good shall not be taken into account in determining the origin of any good.
2. Packing materials and containers in which a good is packaged for retail sale, when classified together with that good, shall not be taken into account in determining whether all of the non-originating materials used in the production of the good have met the applicable change in tariff classification requirements for the good.
3. If a good is subject to a regional value content requirement, the value of the packing materials and containers in which the good is packaged for retail sale shall be taken into account as originating or non-originating materials, as the case may be, in calculating the regional value content of the good.

**Article 11**  
**Accessories, Spare Parts, Tools and Instructional or**  
**Information Material**

1. With regard to the change in tariff classification requirements for origin specified in Annex 2 (PSR Schedule), accessories, spare parts, tools and instructional or other information materials presented with the good shall be considered part of that good and shall be disregarded in determining whether all the non-originating materials used in the production of the originating good have undergone the applicable change in tariff classification, provided these are classified with and not invoiced separately from the good.
2. Notwithstanding paragraph 1 of this Article, if a good is subject to a regional value content requirement, the value of the accessories, spare parts, tools and instructional or other information materials presented with the good shall be taken into account as originating or non-originating materials, as the case may be, in calculating the regional value content of the good.
3. This Article applies only where the accessories, spare parts, tools and instructional or other information materials are presented with the good are not invoiced separately from the originating good; and the quantities and value of the accessories, spare parts, tools and instructional or other information materials presented with the good are customary for that good.

**Article 12**  
**Indirect Materials**

1. In determining whether a good is an originating good, the origin of any indirect materials as defined in paragraph 2 shall be disregarded.
  
2. For the purposes of this Article, indirect material means a good used or consumed in the production, testing or inspection of a good but not physically incorporated into the good, or a good used or consumed in the maintenance of buildings or the operation of equipment associated with the production of a good, including:
  - (a) fuel and energy;
  
  - (b) tools, dies, and moulds;
  
  - (c) spare parts and materials used in the maintenance of equipment and buildings;
  
  - (d) lubricants, greases, compounding materials, and other materials used in production or used to operate equipment and buildings;
  
  - (e) gloves, glasses, footwear, clothing, safety equipment, and supplies;
  
  - (f) equipment, devices, and supplies used for testing or inspecting the goods;
  
  - (g) catalysts and solvents; and

- (h) any other goods that are not incorporated into the good but whose use in the production of the good can reasonably be demonstrated to be a part of that production.

### **Article 13**

#### **Identical and Interchangeable Materials**

1. In determining whether a good is an originating good, any interchangeable materials shall be distinguished by:
  - (a) physical separation of the goods; or
  - (b) an inventory management method recognised in the generally accepted accounting principles of the exporting Party.
2. Identical or interchangeable materials are goods or materials which are interchangeable for commercial purposes, whose properties are essentially identical, and between which it is impractical to differentiate by a mere visual examination.

### **Article 14**

#### **Compliance**

Compliance with the requirements of this Section shall be determined in accordance with the provisions of Section B (Operational Procedures) as applicable.

## SECTION B: OPERATIONAL PROCEDURES

### Article 15 Definitions

For the purpose of this Section:

**declaration of origin** means a statement made by the producer, supplier, exporter, importer or other competent person that the goods to which the declaration relates are originating goods in accordance with the provisions of Section A of this Chapter; and

**certificate of origin** means a form identifying the goods, in which the producer, supplier, exporter, importer or other competent person certifies expressly that the goods to which the certificate relates are originating goods in accordance with the provisions of Section A of this Chapter.

### Article 16 Treatment of Goods for which Preference is Claimed

1. Each Party shall provide that an importer may make a claim for preferential tariff treatment based on any of the following:
  - (a) a written or electronic declaration of origin;
  - (b) a written or electronic certificate of origin; or
  - (c) other evidence to substantiate the tariff preference claimed for the goods.

2. The declaration of origin and the certificate of origin shall be in the form set out in the Implementing Arrangement on Rules of Origin Operational Procedures attached to this Chapter. The Implementing Arrangement may be revised or modified by mutual decision of the Parties.
3. The declaration or certificate of origin shall be completed in English.
4. The declaration of origin shall include the following information in the “observations” field of the declaration (unless such information already appears on the export invoice in respect of the goods subject to the declaration):
  - (a) a full description of the good(s);
  - (b) six digit Harmonized System Code for the respective good(s);
  - (c) the producer's name(s) if known;
  - (d) the importer's name(s) in respect of imported goods, if known;  
and
  - (e) the rule of origin under which the declarant claims the good(s) qualifies.
5. Slight discrepancies as between the wording of the declaration or certificate of origin and the detail stated on the export invoice shall not, of themselves, cause any claim for preferential tariff treatment to be denied.
6. Each Party shall provide that where the competent person making a declaration or completing a certificate of origin is not the producer of

the good, the competent person may complete and sign the declaration of origin on the basis of:

- (a) specific knowledge that the good qualifies as an originating good; or
- (b) a reasonable reliance on the producer's written representation that the good qualifies as an originating good.

### **Article 17**

#### **Exceptions from Declaration of Origin**

1. An importing Party shall not require a declaration or certificate of origin to admit goods pursuant to tariff preference where:
  - (a) the customs value does not exceed US\$1,000 or the equivalent amount in the importing Party's currency or a higher amount as it may establish; or
  - (b) in respect of specific goods, the importing Party has waived the requirement for such evidence.
2. Where an importation forms part of a series of importations that may reasonably be considered to have been undertaken or arranged for the purposes of avoiding the origin requirements of this Article in accordance with paragraph 1, the customs administration of the importing Party may deny preferential tariff treatment.

## **Article 18**

### **Records**

Each Party shall require that producers, exporters and importers in their respective jurisdictions maintain for a period specified in its domestic law, as the case may be, all records relating to that exportation or importation which are necessary to demonstrate that a good for which a claim for tariff preference was made qualifies for preferential tariff treatment.

## **Article 19**

### **Direct Consignment – Compliance**

Compliance with the direct consignment provisions set out in Article 9 of this Chapter may be evidenced by providing the relevant commercial shipping or freight documents and, if the good has transited through a non-Party, providing any other documents that demonstrate the good has not undergone subsequent production in that non-Party.

## **Article 20**

### **Third-Party Invoicing**

Where goods meet the requirements of Section A of this Chapter (Rules of Origin) the importing Party shall not reject a claim for origin if the invoice is issued in a third party.

**Article 21**  
**Verification of Origin**

1. For the purposes of determining whether a good imported from the other Party qualifies as an originating good, the importing Party may, through its customs administration, conduct a verification of eligibility for preferential tariff treatment by means of:
  - (a) requests for information addressed to the importer;
  - (b) requests for information to the exporter or producer in the other Party;
  - (c) visits to the premises of an exporter or producer in the other Party to review the records referred to in Article 18 (Records) and to observe the facilities used in the production of the good;  
or
  - (d) such other procedures as the Parties may agree.
2. Any such verification activities shall only be undertaken if the amount of tariff duty foregone is sufficiently material to warrant the action.
3. All requests for information shall be accompanied by sufficient information to identify the good about which the request was made.

**Article 22**  
**Decision on Origin**

1. If, as a result of questions put or visits made to the exporter or producer, the requesting Party is satisfied the goods about which those questions were put or visits made are originating goods pursuant to the provisions of this Chapter, it shall permit preferential tariff treatment for those goods.
  
2. Preferential tariff treatment may be denied if:
  - (a) the goods do not or did not meet the requirements of this Chapter;
  
  - (b) the verification procedures undertaken under Article 21 (Verification of Origin) are unable to verify the origin of a good.
  
3. In the event preferential tariff treatment is denied, the importing Party shall ensure that its customs administration provides in writing to the importer full reasons for that decision and the avenues available to the importer for review of that decision.
  
4. Where verifications by a Party indicate a pattern of conduct by an exporter or a producer of false or unsupported representations that an imported good qualifies as an originating good, the Party may withhold preferential tariff treatment to identical goods exported or produced by such a person until it is satisfied that the exporter or producer is no longer making false or unsupported representations as to origin.

**CHAPTER 4**  
**CUSTOMS PROCEDURES AND COOPERATION**

3. Customs administrations of the Parties shall facilitate the clearance of goods in administering their procedures in accordance with the provisions of this Chapter.
4. Each customs administration shall provide a single point, electronic or otherwise, through which its traders may submit all required information in order to obtain clearance of goods.

**Article 6**  
**Advance Rulings**

1. Each customs administration shall provide in writing advance rulings in respect of the tariff classification and origin of goods to a person described in paragraph 2(a).

- (b) provide a mechanism for enhancing the Parties' implementation of the SPS Agreement and for enhancing the Parties' cooperation in these and other areas;
- (c) facilitate trade between the Parties through seeking to resolve trade access issues, while protecting human, animal or plant life or health in the Parties; and
- (d) provide a means to improve communication and consultation on sanitary and phytosanitary issues.

## **Article 3**

### **Scope**

This Chapter shall apply to all sanitary and phytosanitary measures of a Party that may, directly or indirectly, affect trade between the Parties.

## **Article 4**

## **International Obligations**

Nothing in this Chapter or implementing arrangements shall limit the rights or obligations of the Parties pursuant to the SPS Agreement.

### **Article 5**

#### **Implementing Arrangements**

1. The Parties may conclude implementing arrangements setting out details for the implementation of this Chapter, including in relation to competent authorities, contact points, adaptation to regional conditions, equivalence, verification, certification, and import checks and as provided for in Articles 6, 7, 8, 9, 10, and 11 of this Chapter.
2. Each Party responsible for the implementation of an implementing arrangement shall take all necessary actions to do so within a reasonable period of time as mutually determined by the Parties.
3. Where implementing arrangements have been adopted, they shall be applied to trade between the Parties.

### **Article 6**

1. The contact point for and the competent authorities of each Party shall be set out in an implementing arrangement. The competent authorities of the Parties are those authorities that are responsible for an implementation of matters within the scope of this Chapter.

2. The Parties shall inform each other of any significant changes to standards or to other SPS measures relevant to or affecting trade between the Parties.

## **Article 7**

### **Adaptation to Regional Conditions**

1. The Parties may make determinations in relation to regionalisation, pest- or disease-free areas, areas of low pest or disease prevalence, zoning and compartmentalisation which shall be consistent with the SPS Agreement, and in particular Article 6 thereof.
2. The Parties may agree the principles and procedures applicable to the determinations regarding adaptation to regional conditions made in accordance with paragraph 1 of this Article, and any such agreed principles and procedures shall be recorded in an implementing arrangement.
3. Any determinations in relation to regionalisation, pest-free or disease-free areas, areas of low pest or disease prevalence, zoning and compartmentalisation shall be recorded in an implementing arrangement.
4. When the importing Party commences a determination, the Party shall promptly upon request, explain its plan for making the determination of regional conditions, and if the determination is positive, for enabling trade.
5. Upon request, the importing Party shall inform the exporting Party of the progress of their specific determination request. The importing

Party shall also inform the exporting Party of any unexpected delay that may occur during the process.

6. The Parties may also decide in advance the risk management measures that will apply to trade between them in the event of a change in status.
7. Following a determination assessment, if the evaluation of the evidence provided by the exporting Party does not result in a decision by the importing Party to recognise the pest-free and disease-free areas, or areas of low pest and disease prevalence, the importing Party shall provide the exporting Party the rationale for its decision.

## **Article 8**

### **Equivalence**

1. The Parties recognise that the application of equivalence is an important tool for trade facilitation. A determination of equivalence may be made in relation to partial or full equivalence of sanitary and phytosanitary measures and systems.
2. The determination of equivalence requires an objective, risk-based assessment or evaluation by the importing Party of the existing, revised or proposed measures. In recognising equivalence, the Parties shall take into account existing knowledge and information and the performance of the relevant competent authorities.
3. The importing Party shall accept the sanitary and phytosanitary measure of the exporting Party as equivalent if the exporting Party objectively demonstrates that its measure achieves the same level of protection as the importing Party's measure, or that its measure has

the same effect in achieving the objective as the importing Party's measures. To facilitate a determination of equivalence, a Party shall on request advise the other Party of the objective of any relevant sanitary or phytosanitary measure.

4. The Parties may agree the principles and procedures applicable to the determinations of equivalence made in accordance with this Article, and any such agreed principles and procedures shall be recorded in an implementing arrangement.
5. The Parties shall take into account the relevant guidance provided by the international standard-setting organisations, the IPPC for plant health, the OIE for animal health, Codex for food safety; and by the WTO Committee on Sanitary and Phytosanitary Measures, as well as experience already acquired.
6. When an importing Party commences an equivalence assessment, the Party shall promptly upon request, explain its equivalence process and plan for making the equivalence determination and, if the determination is positive, for enabling trade.
7. Upon request, the importing Party shall inform the exporting Party of the progress of their specific determination request. The importing Party shall also inform the exporting Party of any unexpected delay that may occur during the process.
8. Following an equivalence assessment, if the evaluation of the evidence provided by the exporting Party does not result in a decision by the importing Party to recognize equivalence, the importing Party shall provide the exporting Party the rationale for its decision.

9. Equivalence decisions shall be recorded in an implementing arrangement, including any additional conditions to be applied in the case of partial equivalence. This implementing arrangement may also record any action required of either Party to facilitate progress towards full equivalence.
10. The consideration by a Party of a request from the other Party for recognition of the equivalence of its measures with regard to a specific product shall not be in itself a reason to disrupt or suspend ongoing imports from that Party of the product in question.

## **Article 9**

### **Verification**

1. In order to maintain confidence in the effective implementation of the provisions of this Chapter, each Party shall have the right to audit the exporting Party's competent authority and associated inspection system. Audits shall be commensurate with the associated risk and designed to check the effectiveness of the regulatory controls of the competent authorities of the exporting Party and these audits may include particular establishments in the exporting Party. The scope of the audit may include an assessment of the competent authorities' control system, including, where appropriate, reviews of inspection and verification programmes and on-site checks. These procedures shall be carried out in accordance with provisions agreed and recorded in an implementing arrangement.
2. As mutually agreed, a Party may:
  - (a) share the results and conclusions of its audits with non-Parties to this Agreement; and

- (b) use the results and conclusions of the audits conducted by countries that are not parties to this Agreement.

## **Article 10**

### **Certification**

Each consignment of animals, animal products, plants, plant products or other related goods will be accompanied, where required, by the relevant official sanitary or phytosanitary certificate using the model in the certification implementing arrangement, where agreed, and conforming with other relevant provisions of the implementing arrangements. The Parties may jointly determine principles or guidelines for certification. Any such principles shall be included in the certification implementing arrangement.

## **Article 11**

### **Import Checks**

1. The import checks applied to imported animals, animal products, plants and plant products or other related goods traded between the Parties shall be based on the risk associated with such importations. They shall be carried out in a manner that is least trade-restrictive and without undue delay.
2. The frequencies of import checks on such importations shall be made available on request. The importing Party shall notify the other Party in a timely manner of any amendment to the frequency of import checks in the event of change in the import risk. On request, an explanation

regarding amendments shall be given or consultations shall be undertaken.

3. The Parties may record frequencies of import checks in an implementing arrangement and in that case they shall be applied accordingly. The Parties may amend the frequencies of those import checks as a result of experience gained through import checks or otherwise, or as a result of actions or consultations provided for in this Chapter.
4. In the event that the import checks reveal non-conformity with the relevant standards and/or requirements, the action taken by the importing Party should be proportionate to the risk involved.
5. At the request of the exporting Party, the importing Party shall to the maximum extent possible ensure that officials of the exporting Party or their representatives are given the opportunity to contribute any relevant information to assist the importing Party in taking a final decision on the action taken. On request and when mutually agreed, testing of the preserved sample may be carried out in a process jointly agreed by the Parties.

## **Article 12**

### **Cooperation**

Consistent with the objectives of this Chapter, the Parties shall explore opportunities for further cooperation in sanitary and phytosanitary matters of mutual interest.

**Article 13**  
**Notification**

1. The Parties shall notify each other, in a timely and appropriate manner, in writing through the contact points of any significant food safety issue or change in animal health, plant health or pest status in their jurisdiction relevant to existing trade.
2. In cases of serious and immediate concern with respect to human, animal or plant life or health, notification shall be made with urgency to the contact points and formal written confirmation should follow within 24 hours.
3. Where a Party has serious concerns regarding a risk to human, animal or plant life or health, consultations regarding the situation shall, on request, take place as soon as possible, and in any case within 14 days unless otherwise agreed between the Parties. Each Party shall endeavour in such situations to provide all the information necessary to avoid a disruption in trade, and to reach a mutually acceptable solution.
4. Where there is a non-compliance of imported consignments for products subject to sanitary or phytosanitary measures, the importing Party shall notify as soon as possible the exporting Party of the non-compliance.

**Article 14**  
**Emergency Measures**

A Party may, on serious human, animal or plant life or health grounds, take provisional measures necessary for the protection of human, animal

or plant life or health. These measures shall be notified in writing within 48 hours to the other Party and, on request, consultations regarding the situation shall be held within 14 days unless otherwise agreed by the Parties. The Parties shall take due account of any information provided through such consultations.

## **Article 15**

### **Exchange of Information**

1. The Parties, through the contact points, shall exchange information relevant to the implementation of this Chapter on a uniform and systematic basis, to provide assurance, engender mutual confidence and demonstrate the efficacy of the programmes controlled. Where appropriate, achievement of these objectives may be enhanced by exchanges of officials.
2. The information exchange on changes in the respective sanitary and phytosanitary measures, and other relevant information, shall include:
  - (a) opportunity to consider proposals for changes in regulatory standards or requirements which may affect this Chapter in advance of their finalisation. Where either Party considers it necessary, proposals may be dealt with in accordance with Article 16;
  - (b) briefing on current developments affecting trade;
  - (c) information on the results of the verification procedures provided for in Article 10; and

(d) relevant sanitary and phytosanitary publications of the competent authorities.

3. Each Party shall facilitate the consideration in its relevant scientific forums of scientific papers or data submitted by the other Party to substantiate that Party's views or claims. Such submissions shall be evaluated by relevant scientific forums in a timely manner, and the results of that examination shall be made available to the Parties.

## **Article 16**

### **Joint Management Committee**

1. The Parties shall establish a Joint Management Committee which shall include representatives from the competent authorities of the Parties. The Committee shall be co-chaired by competent authorities' representatives of each Party. At the first meeting of the Committee, it will establish its rules of procedure.
2. The objective of the Committee is to facilitate bilateral trade in goods affected by sanitary or phytosanitary measures and to achieve this by giving practical effect to this Chapter, including through the establishment and monitoring of the application of implementing arrangements.
3. The Committee shall consider any matters relating to the implementation of this Chapter including:
  - (a) establishing, monitoring and reviewing work plans;
  - (b) establishing technical working groups as appropriate;

- (c) initiating, developing, reviewing and modifying implementing arrangements which further elaborate the provisions of this Chapter;
  - (d) exchanging sanitary and phytosanitary information on bilateral trade;
  - (e) discussing positions on important sanitary and phytosanitary issues in the WTO Committee on Sanitary and Phytosanitary Measures and in relevant international standards setting bodies; and

It may meet in person, teleconference, video conference, or through any other means, as mutually determined by the Parties. The Committee may also address issues through correspondence.
  5. The Committee may agree to establish technical working groups consisting of expert-level representatives of the Parties, which shall identify and address technical and scientific issues arising from this Chapter. Where additional assistance is needed, these groups may decide, by mutual agreement, to request expert advice from non-Party individuals or groups.
  6. Notwithstanding paragraph 5, the competent authorities may consult on and resolve issues. Where they consider it appropriate, they may

discuss the establishment of a working group and the scope of its work for a possible recommendation to the Committee.

**CHAPTER 7**  
**TECHNICAL BARRIERS TO TRADE**

**Article 1**  
**Objectives**

The objectives of this Chapter are to:

- (a) increase and facilitate trade through furthering the implementation of the TBT Agreement;

- (e) establish a framework to address the impacts of technical barriers to trade affecting trade in goods between the Parties; and
- (f) strengthen cooperation between the Parties in relation to international developments in the areas of standardisation and conformity assessment.

## **Article 2**

### **Definitions**

For the purposes of this Chapter, the definitions set out in Annex 1 of the the *Agreement on Technical Barriers to Trade* shall apply *mutatis mutandis*. In addition, the following definitions shall apply:

**designation** means the authorisation of a conformity assessment body to perform conformity assessment procedures, by a body with the authority to designate, monitor, suspend or withdraw designation, or remove suspension of conformity assessment bodies within the Parties;

## **Article 3**

### **Scope**

1. This Chapter applies to the preparation, adoption and application of all technical regulations, standards and conformity assessment procedures that may affect the trade in goods between the Parties, except as provided in paragraphs 2 and 3 of this Article.
2. This Chapter does not apply to technical specifications prepared by governmental entities for production or consumption requirements of

such entities. Such specifications are covered by Chapter 11 (Government Procurement).

3. This Chapter does not apply to sanitary and phytosanitary measures. Such measures are covered by Chapter 6 (Sanitary and Phytosanitary Measures).
4. For greater certainty, nothing in this Chapter shall prevent a Party from adopting or maintaining technical regulations, standards or conformity assessment procedures, in accordance with its rights and obligations under the TBT Agreement including those necessary to fulfil a legitimate objective taking into account the risks non-fulfilment would create. Such legitimate objectives are, *inter alia*: security requirements; the prevention of deceptive practices; protection of human health or safety, animal or plant life or health, or the environment. In assessing such risks, relevant elements of consideration are, *inter alia*: available scientific and technical information, related processing technology or intended end-uses of products.

#### **Article 4**

##### **Incorporation of Certain Articles of TBT Agreement**

Articles 1 through 9 inclusive of the TBT Agreement are incorporated into and made part of this Agreement *mutatis mutandis*.

**Article 5**  
**International Standards**

1. The Parties acknowledge the important role that international standards, guides and recommendations can play in supporting greater regulatory alignment amongst the Parties, good regulatory practice and reducing unnecessary barriers to trade.
  
2. Further to Articles 2.4 and 5.4 and Annex 3 of the TBT Agreement, in determining whether an international standard, guide or recommendation within the meaning of Articles 2 and 5 and Annex 3 of the TBT Agreement exists, each Party shall base its determination on the *Decision of the Committee on Principles for the Development of International Standards, Guides and Recommendations With Relation to Articles 2, 5 and Annex 3 of the Agreement*, issued by the WTO Committee on Technical Barriers to Trade and contained in WTO document number G/TBT/1/Rev.10.
  
3. The Parties shall cooperate with each other, where feasible and appropriate, to ensure that international standards, guides and recommendations that are likely to become a basis for technical regulations and conformity assessment procedures do not create unnecessary obstacles to international trade.

**Article 6**  
**Conformity Assessment Procedures**

1. Further to Article 6.4 of the TBT Agreement, each Party shall accord to conformity assessment bodies located in the other Party treatment no less favourable than that it accords to conformity assessment bodies

located in its own jurisdiction. In order to ensure that it accords such treatment, each Party shall apply to conformity assessment bodies located in the other Party the same or equivalent procedures, criteria and other conditions that it may apply where it accredits, approves, licenses, or otherwise recognises conformity assessment bodies in its own jurisdiction.

2. Paragraph 1 shall not preclude a Party from undertaking solely within specified government bodies located in its own jurisdiction or in the other Party, conformity assessment in relation to specific products, subject to its obligations under the TBT Agreement.
3. Further to Article 6.4 of the TBT Agreement, where a Party maintains procedures, criteria and other conditions as set out in paragraph 1 and requires test results, certifications, and/or inspections as positive assurance that a product conforms to a standard or technical regulation, it:
  - (a) shall not require the conformity assessment body responsible for testing or certifying the product or conducting an inspection to be located within that Party;
  - (b) shall not impose requirements on conformity assessment bodies located outside that Party that would effectively require such conformity assessment bodies to operate an office in that Party; and
  - (c) shall permit conformity assessment bodies located in the other Party to apply to the Party for a determination that they comply with any procedures, criteria and other conditions the Party

requires to deem them competent or otherwise approve them to test or certify the product or conduct an inspection.

4. Nothing in paragraphs 1 and 3 precludes a Party from verifying the results of conformity assessment procedures undertaken by such conformity assessment bodies.
5. In order to enhance confidence in the continued reliability of conformity assessment results from each other's jurisdictions, a Party may, at any time, request information and discussion on matters pertaining to conformity assessment bodies in the other Party. Such matters may include the process used to accredit, approve, license or otherwise recognise conformity assessment bodies and the technical competence of such bodies.
6. Further to Article 9.1 of the TBT Agreement, where a Party proposes to prepare or adopt procedures, criteria or other conditions to deem competent or otherwise approve conformity assessment bodies to demonstrate that a product conforms to a standard or technical regulation, it shall consider including provisions for deeming competent or otherwise approving a conformity assessment body if an accreditation body participating in an international or regional system of accreditation as agreed by the Parties has determined that the conformity assessment body:
  - (a) conforms to relevant international standards, guides or recommendations, pertaining to conformity assessment;
  - (b) is technically competent to demonstrate that the product complies with the standard or technical regulation; and

(c) holds an appropriate scope of accreditation.

7. Further to Article 9.2 of the TBT Agreement, a Party shall not refuse to accept, or take actions which have the effect of, directly or indirectly, requiring or encouraging the refusal of acceptance of conformity assessment results from a conformity assessment body because the accreditation body that accredited the conformity assessment body:

(a) operates in the other Party where there is more than one accreditation body;

(b) is a non-governmental body;

(c) is domiciled in the other Party and that Party does not maintain a procedure for recognising accreditation bodies;

(d) does not operate an office in the Party; or

(e) is a for-profit entity.

8. For greater clarity, nothing in paragraph 7 prohibits a Party from refusing to accept conformity assessment results from a conformity assessment body where it can substantiate such refusal, provided that such actions are not inconsistent with the TBT Agreement and this Chapter.

9. Where a Party accredits, approves, licenses or otherwise recognises bodies assessing conformity to a particular technical regulation or standard in its jurisdiction and refuses to accredit, approve, license or otherwise recognise a body assessing conformity with that technical regulation or standard in the other Party or declines to use a mutual

recognition arrangement, it shall, on request of the other Party, explain the reasons for its refusal.

10. Where a Party does not accept the results of a conformity assessment procedure conducted in the other Party, it shall, on the request of the other Party, explain the reasons for its decision.
11. Further to Article 6.3 of the TBT Agreement, where a Party declines a request of the other Party to enter into negotiations for the conclusion of agreements for mutual recognition of results of each other's conformity assessment procedures, it shall on the request of that other Party, explain the reasons for its decision.
12. Further to Article 5.2.5 of the TBT Agreement, any conformity assessment fees imposed by a Party including any costs arising from communication, transportation, and differences between location of facilities of the applicant and the conformity assessment body, shall be limited in amount to the approximate cost of services rendered.
13. No Party shall require that any documentation supplied in connection with conformity assessment be endorsed, certified or otherwise sighted or approved by its overseas representatives nor impose any related fees and charges.

## **Article 7**

### **Trade Facilitation and Cooperation**

1. Further to Articles 5, 6 and 9 of the TBT Agreement, the Parties recognise that a broad range of mechanisms exist to facilitate the

acceptance of conformity assessment results. In this regard, a Party may:

- (a) implement mutual recognition of the results of conformity assessment procedures performed by bodies located in the other Party with respect to specific technical regulations;
- (b) recognise existing regional, international and multilateral recognition agreements and arrangements between or among accreditation bodies or conformity assessment bodies;
- (c) use accreditation to qualify conformity assessment bodies, particularly international systems of accreditation;
- (d) designate conformity assessment bodies or recognise the other Party's designation of conformity assessment bodies;
- (e) unilaterally recognise the results of conformity assessment procedures performed in the other Party; and
- (f) accept a supplier's declaration of conformity.

2. The Parties recognise that a wide range of mechanisms exist to support greater regulatory alignment and to eliminate unnecessary technical barriers to trade in the region including:

- (a) regulatory dialogue and cooperation to, *inter alia*:
  - (i) exchange information on regulatory approaches and practices;

- (ii) promote the use of good regulatory practices to improve the efficiency and effectiveness of technical regulations, standards and conformity assessment procedures;
  - (iii) provide technical advice and assistance, on mutually agreed terms and conditions, to improve practices related to the development, implementation and review of technical regulations, standards, conformity assessment procedures and metrology;
  - (iv) provide technical assistance and cooperation, on mutually agreed terms and conditions, to build capacity and support the implementation of this Chapter;
- (b) promotion of the acceptance as equivalent technical regulations of the other Party;
- (c) greater alignment of domestic standards with relevant international standards, except where inappropriate or ineffective; and
- (d) facilitation of the greater use of relevant international standards, guides and recommendations as the basis for technical regulations and conformity assessment procedures.
3. With respect to the elements listed in paragraphs 1 and 2, the Parties recognise that the choice of the appropriate mechanism in a given regulatory context will depend on a variety of factors, such as the product and sector involved, the volume and direction of trade, the relationship between Parties' respective regulators, the legitimate objectives pursued and the risks of non-fulfilment of those objectives.

4. The Parties shall intensify their exchange and collaboration on mechanisms to facilitate the acceptance of conformity assessment results, to support greater regulatory alignment and to eliminate unnecessary technical barriers to trade between them.
5. A Party shall, upon request of the other Party, give due consideration to any sector specific proposal to facilitate trade or for cooperation under this Chapter.
6. Further to Article 2.7 of the TBT Agreement, a Party shall, upon the request of the other Party, explain the reasons why it has not accepted a technical regulation of that Party as equivalent.

1. The Parties endorse the APEC Principles to Enhance Competition and Regulatory Reform. The Parties agree to promote competition and will seek to ensure that the design of trade and competition policies and the implementation of domestic laws give due weight to their effects on competition. Accordingly, the Parties will:
  - (a) provide for transparency in policies, laws and rules, and their implementation;
  - (b) apply competition policies to economic activities, including public and private business activities, in a manner that does not discriminate between or among economic entities in like circumstances;

(a) For New Zealand, the Commerce Act 1986.

(b) For Chinese Taipei, the Fair Trade Act.

3. Each Party shall maintain an authority or authorities responsible for the enforcement of its competition laws.
4. Each Party shall endeavour to apply its competition laws to all commercial activities in its jurisdiction and shall not discriminate on the basis of nationality when enforcing these laws.

### **Article 9**

#### **Procurement Procedures**

Except as provided for in Article 15, entities shall award contracts by means of open or selective tendering procedures, in the course of which all interested suppliers or, in the case of selective tendering, suppliers invited to do so by an entity may submit a tender.

## **Article 10**

### **Notice of Intended Procurement**

1. Except as provided for in Article 15, for each procurement covered by this Chapter, entities shall publish in advance a notice of intended procurement inviting interested suppliers to submit a tender or apply to meet conditions for participation in the procurement.
2. The notice of intended procurement shall be published through means that are widely disseminated and afford non-discriminatory access to interested suppliers. Such notices shall remain readily accessible, through a single electronic point of access specified in Annex 3:III (Single Electronic Point of Access), free of charge for the entire period established for tendering.
3. Each notice of intended procurement shall include:
  - (a) a description of the intended procurement;
  - (b) a summary of any conditions that suppliers must fulfil to participate in the procurement;
  - (c) the time limits for submission of tenders or applications to participate; and
  - (d) contact details for obtaining all relevant documents.

4. Each notice of intended procurement shall be published sufficiently in advance to provide interested suppliers with a reasonable period of time, in light of the nature, circumstances and complexity of the procurement, to obtain the full tender documentation and to prepare and submit responsive tenders by the closing date, or to apply for participation in the procurement where applicable.
5. The Parties agree that entities shall in no case provide less than 10 days between the date on which the notice of intended procurement is published and the final date for the submission of tenders or applications to participate.

#### **Article 11**

#### **Conditions for Participation**

1. Where an entity requires suppliers to register, qualify, or satisfy any other conditions before being permitted to participate in a procurement, each Party shall ensure that a notice is published inviting suppliers to apply for registration or qualification or to demonstrate satisfaction of other conditions for participation.
2. The notice shall be published sufficiently in advance for interested suppliers to prepare and submit responsive applications and for the entity to evaluate and make its determinations based on such applications.
3. Any conditions for participation in the procurement, including the legal, commercial, technical and financial capacity of suppliers, as well as the verification of qualifications, shall be limited to those which are

essential to ensure the supplier's capability to fulfil the contract in question.

4. The commercial, technical and financial capacity of a supplier shall be evaluated on the basis of the supplier's global business activity.
5. Entities shall consider for a particular procurement those suppliers of the other Party that request to participate in the procurement and that are not yet registered or qualified, provided there is sufficient time to complete the registration or qualification procedures within the time period allowed for the submission of tenders.
6. Nothing in this Article shall preclude an entity from excluding a supplier from a procurement on grounds such as:
  - (a) bankruptcy, liquidation or insolvency;
  - (b) false declarations relating to a procurement;
  - (c) significant deficiency in the performance of any obligation under a prior contract;
  - (d) final judgments in respect of serious crimes or other serious offences;
  - (e) professional misconduct or acts or omissions that adversely reflect on the commercial integrity of the supplier; or
  - (f) failure to pay taxes.

## **Article 12**

## **Lists of Registered or Qualified Suppliers**

1. Entities may establish for continuing use a list of suppliers registered or qualified to participate in procurements.
  
2. Entities shall publish annually or otherwise make available continuously in electronic form a notice inviting interested suppliers to apply for inclusion on the list. Where a list will be valid for three years or less, an entity may publish this notice only once, at the beginning of the period of validity of the list, provided that the notice:
  - (a) states the period of validity and that further notices will not be published; and
  
  - (b) is published by electronic means and is made available continuously during the period of its validity.
  
3. The notice shall include:
  - (a) a description of the goods and services for which the list may be used; and
  
  - (b) a summary of the conditions to be satisfied by suppliers for inclusion on the list.
  
4. Entities shall ensure that suppliers may apply for participation in the list at any time, and that all qualifying suppliers are included within a reasonable period, taking into account the conditions for participation and the need for verification.

5. Where entities require suppliers to qualify for such a list before being permitted to participate in a procurement, and a supplier that has not previously satisfied such requirements or conditions submits an application, the entity shall promptly start the registration or qualification process. The entity shall allow such supplier to participate in the procurement, provided there is sufficient time to complete the registration or procurement procedures within the time period allowed for the submission of tenders.
6. Entities shall notify qualified suppliers of the termination of or their removal from a list and, on request of a supplier, provide the supplier with written reasons for this action within a reasonable time.

### **Article 13**

#### **Technical Specifications**

1. Each Party shall ensure that its entities do not prepare, adopt or apply any technical specification with the purpose or the effect of creating unnecessary obstacles to trade between the Parties.
2. Any technical specifications prescribed by an entity shall, where appropriate:
  - (a) be specified in terms of performance and functional requirements, rather than design or descriptive characteristics; and
  - (b) be based on international standards, where applicable, or otherwise on domestic technical regulations, recognised domestic standards, or building codes.

3. Each Party shall ensure that its entities do not prescribe technical specifications that require or refer to a particular trademark or trade name, patent, design or type, specific origin or producer or supplier, unless there is no sufficiently precise or intelligible way of otherwise describing the procurement requirements and provided that, in such cases, words such as “or equivalent” are included in the tender documentation.
4. Each Party shall ensure that its entities do not seek or accept, in a manner that would have the effect of prejudicing fair competition, advice to be used in the preparation or adoption of any technical specification for a specific procurement from a person that may have a commercial interest in that procurement.

#### **Article 14**

#### **Tender Documentation**

1. Tender documentation provided to suppliers shall contain all information necessary to enable them to prepare and submit responsive tenders, including the essential requirements and evaluation criteria for the award of the procurement contract.
2. Where entities do not offer direct access to the tender documentation by electronic means, entities shall promptly make available the tender documentation at the request of any interested or, as applicable, qualified supplier.
3. Entities shall endeavour to reply promptly to any reasonable request for relevant information or explanation made by a supplier, provided that such information does not give that supplier an advantage over other

suppliers. The information or explanation given to a supplier may be provided to all participating suppliers known to the entity, in which case it shall be provided promptly.

4. Where prior to the award of a contract, an entity modifies the tender documentation, and that modification could impact on the preparation of tenders, it shall publish or transmit all such modifications in writing:

(a) to all suppliers who have requested tender documentation at the time the criteria are modified, where such suppliers are known to the entity, and in all other cases in the same manner as the original information was transmitted by the entity; and

(b) in adequate time to allow such suppliers to modify and resubmit their tenders, as appropriate.

## **Article 15**

### **Exceptions to Open or Selective Tendering**

1. Provided that the tendering procedure is not used to avoid competition or to protect domestic suppliers, entities may award contracts by means other than open or selective tendering procedures in any of the following circumstances:

(a) where:

(i) no tenders were submitted or no suppliers requested participation;

- (ii) no tenders that conform to the essential requirements of the tender documentation were submitted;
  - (iii) no suppliers satisfied the conditions for participation; or
  - (iv) the tenders submitted have been collusive,
- provided that the requirements of the tender documentation are not substantially modified;
- (b) where the goods or services can be supplied only by a particular supplier and no reasonable alternative or substitute goods or services exist for any of the following reasons:
    - (i) the requirement is for a work of art;
    - (ii) the protection of patents, copyrights or other exclusive rights; or due to an absence of competition for technical reasons;
  - (c) for additional deliveries by the original supplier of goods or services that were not included in the initial procurement where a change of supplier for such additional goods or services:
    - (i) cannot be made for economic or technical reasons such as requirements of interchangeability or interoperability with existing equipment, software, services or installations procured under the initial procurement; and
    - (ii) would cause significant inconvenience or substantial duplication of costs for the procuring entity;

- (d) insofar as is strictly necessary where, for reasons of extreme urgency brought about by events unforeseeable by the procuring entity, the goods or services could not be obtained in time using open tendering or selective tendering;
- (e) for goods purchased on a commodity market;
- (f) where a procuring entity procures a prototype or a first good or service that is developed at its request in the course of, and for, a particular contract for research, experiment, study or original development. Original development of a first good or service may include limited production or supply in order to incorporate the results of field testing and to demonstrate that the good or service is suitable for production or supply in quantity to acceptable quality standards, but does not include quantity production or supply to establish commercial viability or to recover research and development costs;
- (g) for purchases made under exceptionally advantageous conditions that only arise in the very short term in the case of unusual disposals such as those arising from liquidation, receivership or bankruptcy, but not for routine purchases from regular suppliers; or
- (h) where a contract is awarded to a winner of a design contest provided that:
  - (i) the contest has been organized in a manner that is consistent with the principles of this Agreement, in particular relating to the publication of a notice of intended procurement; and
  - (ii) the participants are judged by an independent jury with a view to a design contract being awarded to a winner.

2. The Parties shall ensure that where entities resort to a procedure other than open or selective tendering based on the circumstances set forth in paragraph 1, the entities shall maintain a written record or report setting out the circumstances and specific justifications for resorting to a procedure other than open or selective tendering.

## **Article 16**

### **Awarding of Contracts**

1. The Parties shall ensure that their entities receive, open and evaluate all tenders under procedures that guarantee the fairness and impartiality of the procurement process.
2. To be considered for award of a contract, a tender must, at the time of opening by the entity, conform to the essential requirements of the notice of intended procurement or tender documentation and be submitted by a supplier who complies with the conditions for participation.
3. Unless an entity determines that it is not in the public interest to award a contract, it shall award the contract to the supplier that has been determined to be fully capable of undertaking the contract and has submitted the tender that:
  - (a) offers the best value for money;
  - (b) offers the lowest price; or
  - (c) is the most advantageous in terms of the essential requirements and evaluation criteria set forth in the tender documentation.

4. An entity shall not cancel a procurement covered by this Chapter, or terminate or modify awarded contracts, in order to circumvent the requirements of this Chapter.

### **Article 17**

#### **Post-Award Information**

1. Entities shall promptly inform suppliers that have submitted a tender of the contract award decision.
2. Entities shall, on request from an unsuccessful supplier, promptly explain the reasons for the rejection of its tender or the relative advantages of the tender the entity selected.
3. Entities shall, promptly after the award of a contract for a procurement covered by this Chapter, publish a notice containing at least the following information:
  - (a) the name and address of the successful supplier;
  - (b) a description of the goods or services supplied; and
  - (c) the value of the contract award.

### **Article 18**

#### **Ensuring Integrity in Procurement Practices**

Each Party shall ensure that criminal or administrative penalties exist to address corruption in its government procurement, and that its entities have in place policies and procedures to address any potential conflict of interest on the part of those engaged in or having influence over a procurement.

## **Article 19**

### **Domestic Review of Supplier Complaints**

1. Each Party shall ensure that its entities accord impartial and timely consideration to any complaints from suppliers regarding an alleged breach of measures or government procurement measures implementing this Chapter arising in the context of a procurement in which those suppliers have, or have had, an interest. Where appropriate, a Party may encourage suppliers to seek clarification from its entities with a view to facilitating the resolution of any such complaints.
2. Each Party shall provide suppliers of the other Party with non-discriminatory, timely, transparent and effective access to an administrative or judicial body competent to hear or review complaints of alleged breaches of the procuring Party's measures or government procurement measures implementing this Chapter arising in the context of procurements in which those suppliers have, or have had, an interest.
3. Each Party shall make information on complaint mechanisms generally available.

4. Where an administrative or judicial body may award compensation for any breach of measures or government procurement measures implementing this Chapter, such compensation may be limited to the costs for tender preparation reasonably incurred by the supplier for the purpose of the procurement.

## **Article 20**

### **Electronic Communications and Contact Points**

1. The Parties shall encourage their entities to provide opportunities for government procurement to be undertaken through the internet and shall encourage, to the extent possible, the use of electronic means for the provision of tender documentation and receipt of tenders.
2. The contact point or points from whom suppliers can obtain information on government procurement shall either be specified in Annex 3:IV (Contact Points), or be set out in the information on the single electronic point of access.
3. Each Party shall encourage its entities to publish on the internet information regarding the entities' indicative procurement plans as early as possible in the fiscal year.

## **Article 21**

### **Modifications and Rectifications of Annexes**

1. Each Party may modify its Annexes to this Chapter in conformity with the provisions of paragraph 2(c) of Article 2 (Functions of the Joint Commission) of Chapter 22 (Institutional Provisions) provided that it:

- (a) notifies the other Party of the proposed modification; and
  - (b) provides the other Party appropriate compensatory adjustments to its coverage in order to maintain a level of coverage comparable to that existing prior to the modification.
2. Notwithstanding paragraph 1(b), no compensatory adjustments shall be provided to the other Party where the modification by a Party of its Annexes to this Chapter concerns:
- (a) rectifications of a purely formal nature and minor amendments to entity coverage and/or the single electronic point of access and/or contact points, made through an implementing arrangement in accordance with paragraph 2(b) of Article 2 (Functions of the Joint Commission) of Chapter 22 (Institutional Provisions); or
  - (b) one or more entities over which a Party's control or influence has been effectively eliminated as a result of corporatisation and commercialisation or privatisation.

## **Article 22**

### **Co-operation**

The Parties shall meet as necessary for the purpose of affording Parties the opportunity to consult on the following matters:

- (a) any matters relating to the operation of this Chapter;

(b) discussion of government procurement issues;

(c) exchange of government procurement information; and

(d) further government procurement negotiations.

**CHAPTER 12**  
**INVESTMENT**

**SECTION A**

**Article 1**  
**Objectives**

The objectives of this Chapter are to encourage and promote the flow of investment between the Parties on a mutually advantageous basis, under conditions of transparency within a stable framework of rules to ensure the protection and security of investments by investors of the other Party within each Party, while recognising the rights of Parties to regulate and the responsibility of governments to protect public health, safety and the environment.

**Article 2**  
**Definitions**

For the purposes of this Chapter:

**appointing authority** means the Secretary General of the Permanent Court of Arbitration or any person as agreed by the disputing parties;

**covered investment** means, with respect to a Party, an investment in that Party of an investor of the other Party in existence as of the date of entry into force of this Agreement or established, acquired or expanded thereafter;

**disputing investor** means an investor of a Party that makes a claim against the other Party on its own behalf under Section B, and where relevant includes an investor of a Party that makes a claim on behalf of an enterprise of the disputing Party that the investor owns or controls directly or indirectly;

**disputing parties** means the disputing investor and the disputing Party;

**disputing party** means either the disputing investor or the disputing Party;

**disputing Party** means a Party against which a claim is made under Section B;

**freely usable currency** means “freely usable currency” as determined by the International Monetary Fund under its *Articles of Agreement* and amendments thereto, or any currency that is used to make international payments and is widely traded in the international principal exchange markets;

**government procurement** means any measure relating to the procurement by governmental agencies of goods or services or a combination of both for governmental purposes and not with a view to commercial sale or resale or use in the production or supply of goods or services for commercial sale or resale;

**investment** means every kind of asset that an investor owns or controls, directly or indirectly, that has the characteristics of an investment, including such characteristics as the commitment of capital or other resources, the expectation of gain or profit, or the assumption of risk. Forms that an investment may take include, but are not limited to, the following:

- (a) an enterprise;
- (b) shares, stocks or other forms of equity participation in an enterprise, and rights derived therefrom;
- (c) bonds, including government issued bonds, debentures, loans and other forms of debt, and rights derived therefrom<sup>4</sup>;
- (d) rights under contracts, including turnkey, construction, management, production or revenue-sharing contracts;
- (e) claims to money or to any contractual performance related to a business and having an economic value<sup>5</sup>;
- (f) intellectual property rights and goodwill;
- (g) rights conferred pursuant to law or contract such as concessions, licences, authorisations, and permits<sup>6</sup>; and
- (h) other tangible and intangible, movable and immovable property, and any related property rights, such as leases, mortgages, liens and pledges.

---

<sup>4</sup> Some forms of debt, such as bonds, debentures, and long-term notes, are more likely to have the characteristics of an investment, while other forms of debt, such as claims to payment that are immediately due and result from the sale of goods or services, are less likely to have such characteristics.

<sup>5</sup> For greater certainty, investment does not mean claims to money that arise solely from:

- a. commercial contracts for sale of goods or services; or
- b. the extension of credit in connection with such commercial contracts.

<sup>6</sup> The term “investment” does not include an order or judgment entered in a judicial or administrative action.

**investor of a Party** means:

- (a) a Party;
- (b) an enterprise of a Party; or
- (c) a natural person of a Party;

that attempts to make, is making or has made an investment in the other Party;

**non-disputing Party** means the Party of the disputing investor; and

**protected information** means confidential business information or information that is privileged or otherwise protected from disclosure under a Party's law, including classified government information.

### **Article 3**

#### **Scope**

1. This Chapter applies to measures adopted or maintained by a Party relating to:

- (a) investors of the other Party;
- (b) covered investments; and

- (c) with respect to Article 7 (Performance Requirements), all investments in the Party.
2. For greater certainty, the provisions of this Chapter do not bind either Party in relation to any act or fact that took place or any situation that ceased to exist before the date of entry into force of this Agreement.
  3. This Chapter does not apply to services supplied in the exercise of governmental authority, as defined in Article 3 (Definitions) of Chapter 13 (Cross-Border Trade in Services).

#### **Article 4**

##### **Relation to Other Chapters**

1. In the event of an inconsistency between this Chapter and another Chapter, the other Chapter shall prevail to the extent of the inconsistency.
2. A requirement by a Party that a service supplier of the other Party post a bond or other form of financial security as a condition of the cross-border supply of a service does not of itself make this Chapter applicable to measures adopted or maintained by the Party relating to cross-border supply of the service. This Chapter applies to measures adopted or maintained by the Party relating to the posted bond or financial security, to the extent that such bond or financial security is a covered investment.

**Article 5**  
**National Treatment**

1. Each Party shall accord to investors of the other Party treatment no less favourable than that it accords, in like circumstances, to its own investors with respect to the establishment, acquisition, expansion, management, conduct, operation, and sale or other disposition of investments.
  
2. Each Party shall accord to covered investments treatment no less favourable than that it accords, in like circumstances, to investments of its own investors with respect to the establishment, acquisition, expansion, management, conduct, operation, and sale or other disposition of investments.

**Article 6**  
**Most-Favoured-Nation Treatment**

1. Each Party shall accord to investors of the other Party treatment no less favourable than that it accords, in like circumstances, to investors of any non-Party with respect to establishment, acquisition, expansion, management, conduct, operation, and sale or other disposition of investments.
  
2. Each Party shall accord to covered investments treatment no less favourable than that it accords, in like circumstances, to investments of investors of a non-Party with respect to the establishment, acquisition, expansion, management, conduct, operation, and sale or other disposition of investments.

3. For greater certainty, the obligation in this Article does not apply to dispute resolution procedures other than those set out in this Agreement.
4. Notwithstanding paragraphs 1 and 2, the Parties reserve the right to adopt or maintain any measure that accords differential treatment to countries under any bilateral or multilateral international agreement in force or signed prior to the date of entry into force of this Agreement.
5. For greater certainty, paragraph 4 includes, in respect of agreements on the liberalisation of trade in goods or services or investment, any measures taken as part of a wider process of economic integration or trade liberalisation between the parties to such agreements.
6. The Parties reserve the right to adopt or maintain any measure that accords differential treatment to countries under any international agreement in force or signed after the date of entry into force of this Agreement involving:
  - (a) fisheries;
  - (b) maritime matters; or
  - (c) aviation.

## **Article 7**

### **Performance Requirements**

1. Neither Party may, in connection with the establishment, acquisition, expansion, management, conduct, operation, or sale or other disposition of an investment of an investor of a Party or of a non-Party,

impose or enforce any requirement, or enforce any commitment or undertaking:<sup>7</sup>

- (a) to export a given level or percentage of goods or services;
- (b) to achieve a given level or percentage of domestic content;
- (c) to purchase, use, or accord a preference to goods produced in its jurisdiction, or to purchase goods from persons in its jurisdiction;
- (d) to relate in any way the volume or value of imports to the volume or value of exports or to the amount of foreign exchange inflows associated with such investment;
- (e) to restrict sales of goods or services in its jurisdiction that such investment produces or supplies by relating such sales in any way to the volume or value of its exports or foreign exchange earnings;
- (f) to transfer a particular technology, a production process, or other proprietary knowledge to a person in its jurisdiction; or
- (g) to supply exclusively from the Party the goods that it produces or the services that it supplies to a specific regional market or to the world market.

2. Neither Party may condition the receipt or continued receipt of an advantage in connection with the establishment, acquisition, expansion, management, conduct, operation, or sale or other disposition of an investment of an investor of a Party or of a non-Party on compliance with any of the following requirements:

---

<sup>7</sup> For greater certainty, a condition for the receipt or continued receipt of an advantage referred to in paragraph 2 does not constitute a “commitment or undertaking” for the purposes of paragraph 1.

- (a) to achieve a given level or percentage of domestic content;
- (b) to purchase, use, or accord a preference to goods produced in its jurisdiction, or to purchase goods from persons in its jurisdiction;
- (c) to relate in any way the volume or value of imports to the volume or value of exports or to the amount of foreign exchange inflows associated with such investment; or
- (d) to restrict sales of goods or services in its jurisdiction that such investment produces or supplies by relating such sales in any way to the volume or value of its exports or foreign exchange earnings.

3.

(a) Nothing in paragraph 2 shall be construed to prevent a Party from conditioning the receipt or continued receipt of an advantage, in connection with an investment in its jurisdiction of an investor of a Party on compliance with a requirement to locate production, supply a service, train or employ workers, construct or expand particular facilities, or carry out research and development, in its jurisdiction.

(b) Paragraph 1(f) does not apply:

- (i) when a Party authorises use of an intellectual property right in accordance with Article 31<sup>8</sup> of the TRIPS Agreement or any relevant amendment thereto, or to measures requiring the disclosure of proprietary information that fall within the scope of, and are consistent with, Article 39 of the TRIPS Agreement; or

---

<sup>8</sup> The reference to "Article 31" includes footnote 7 to Article 31.

- (ii) when the requirement is imposed or the commitment or undertaking is enforced by a court, administrative tribunal, or competition authority to remedy a practice determined after judicial or administrative process to be anticompetitive under the Party's competition laws.<sup>9</sup>
  - (c) Paragraphs 1(a), (b), and (c), and 2(a) and (b), do not apply to qualification requirements for goods or services with respect to export promotion and foreign aid programs.
  - (d) Paragraphs 1(b), (c), (f), and (g), and 2(a) and (b), do not apply to government procurement.
  - (e) Paragraphs 2(a) and (b) do not apply to requirements imposed by an importing Party relating to the content of goods necessary to qualify for preferential tariff treatment or preferential quotas.
4. This Article does not preclude enforcement of any commitment, undertaking, or requirement between private parties, where a Party did not impose or require the commitment, undertaking, or requirement.

## **Article 8**

### **Senior Management and Boards of Directors**

1. Neither Party may require that an enterprise of that Party that is a covered investment appoint to senior management positions natural persons of any particular nationality.

---

<sup>9</sup> The Parties recognise that a patent does not necessarily confer market power.

2. Neither Party may require that a majority of the board of directors, or any committee thereof, of an enterprise of that Party that is a covered investment, be of a particular nationality, or resident in the Party.
3. Neither Party may require that less than a majority of the board of directors, or any committee thereof, of an enterprise of that Party that is a covered investment, be of a particular nationality, or resident in the Party, where that requirement would materially impair the ability of the investor to exercise control over its investment.

## **Article 9**

### **Non-Conforming Measures**

1. Articles 5 (National Treatment), 6 (Most-Favoured-Nation Treatment), 7 (Performance Requirements) and 8 (Senior Management and Boards of Directors) shall not apply to:
  - (a) any existing non-conforming measure that is maintained by a Party:
    - (i) as set out by that Party in its Schedule to Annex 4:I; or
    - (ii) maintained by a Party at a regional or local level of government;
  - (b) the continuation or prompt renewal of any non-conforming measure referred to in subparagraph (a); or
  - (c) an amendment to any non-conforming measure referred to in subparagraph (a) to the extent that the amendment does not decrease the conformity of the measure, as it existed immediately

before the amendment, with Articles 5 (National Treatment), 6 (Most-Favoured-Nation Treatment), 7 (Performance Requirements) and 8 (Senior Management and Boards of Directors).

2. Articles 5 (National Treatment), 6 (Most-Favoured-Nation Treatment), 7 (Performance Requirements) and 8 (Senior Management and Boards of Directors) do not apply to any measure that a Party adopts or maintains with respect to sectors, sub-sectors, or activities, as set out in its Schedule to Annex 4:II.
3. Neither Party may, under any measure adopted after the date of entry into force of this Agreement and covered by its Schedule to Annex 4:II, require an investor of the other Party, by reason of its nationality, to sell or otherwise dispose of an investment existing at the time the measure becomes effective.
4. Articles 5 (National Treatment) and 6 (Most-Favoured-Nation Treatment) do not apply to any measure that is an exception to, or derogation from, a Party's obligations under the TRIPS Agreement.
5. Articles 5 (National Treatment), 6 (Most-Favoured-Nation Treatment) and 8 (Senior Management and Boards of Directors) do not apply to:
  - (a) government procurement; or
  - (b) subsidies or grants provided by a Party, including government-supported loans, guarantees, and insurance.

**Article 10**  
**Minimum Standard of Treatment**

1. Each Party shall accord to covered investments treatment in accordance with the customary international law minimum standard of treatment, including fair and equitable treatment and full protection and security.
  
2. The obligation in paragraph 1 to provide:
  - (a) “fair and equitable treatment” includes the obligation not to deny justice in criminal, civil or administrative adjudicatory proceedings in accordance with the principle of due process;
  
  - (b) “full protection and security” requires each Party to take such measures as may be reasonably necessary to ensure the physical protection and security of covered investments.
  
3. The concepts of “fair and equitable treatment” and “full protection and security” do not require treatment in addition to or beyond that which is required by the customary international law minimum standard of treatment, and do not create additional substantive rights.
  
4. A determination that there has been a breach of another provision of this Agreement, or of a separate international agreement, does not establish that there has been a breach of this Article.

## Article 11

### Treatment in Case of Armed Conflict or Civil Strife

1. Notwithstanding paragraph 5 of Article 9 (Non-conforming Measures), each Party shall accord to investors of the other Party and to investments of an investor of the other Party with respect to measures it adopts or maintains relating to losses suffered by investments in its jurisdiction owing to armed conflict or civil strife, treatment no less favourable than that it accords, in like circumstances, to:

(a) its own investors and their investments; and

(b) investors of any non-Party and their investments.

2. Notwithstanding paragraph 1, if an investor of a Party suffers a loss in the other Party resulting from:

(a) requisitioning of its covered investment or part thereof by the latter's forces or authorities; or

(b) destruction of its covered investment or part thereof by the latter's forces or authorities, which was not required by the necessity of the situation;

the latter Party shall provide the investor with restitution, compensation, or both, as appropriate, for such loss. Any compensation shall be prompt, adequate, and effective in accordance with paragraphs 2 to 4 of Article 13 (Expropriation), *mutatis mutandis*.

3. Paragraph 1 does not apply to existing measures relating to subsidies or grants provided by a Party, including government-supported loans,

guarantees, and insurance that would be inconsistent with Article 5 (National Treatment) but for paragraph 5(b) of Article 9 (Non-conforming Measures).

## **Article 12**

### **Transfers**

1. Each Party shall permit all transfers into and out of its jurisdiction relating to a covered investment to be made freely and without delay in a freely usable currency at the market rate of exchange at the time of transfer. Such transfers include:
  - (a) contributions to capital, including the initial contribution;
  - (b) profits, dividends, interest, capital gains, royalty payments, management fees, and technical assistance and other fees;
  - (c) proceeds from the sale of all or any part of the covered investment or from the partial or complete liquidation of the covered investment;
  - (d) payments made under a contract, including payments made pursuant to a loan agreement;
  - (e) payments made pursuant to Article 11 (Treatment in Case of Armed Conflict or Civil Strife) and Article 13 (Expropriation);
  - (f) payments arising out of the settlement of a dispute by any means including adjudication, arbitration, or the agreement of the parties to the dispute; and

- (g) earnings and other remuneration of personnel engaged from abroad in connection with that investment.
2. Notwithstanding paragraph 1, a Party may prevent or delay a transfer through the equitable, non-discriminatory, and good faith application of its laws relating to:
- (a) bankruptcy, insolvency, or the protection of the rights of creditors;
  - (b) issuing, trading, or dealing in securities, futures, or derivatives;
  - (c) criminal or penal offences;
  - (d) financial reporting or record keeping of transfers when necessary to assist law enforcement or financial regulatory authorities;
  - (e) ensuring compliance with orders or judgments in judicial or administrative proceedings; or
  - (f) social security, public retirement, or compulsory savings schemes.
3. Neither Party may require its investors to transfer, or penalise its investors that fail to transfer, the income, earnings, profits, or other amounts derived from, or attributable to, investments in the other Party.

**Article 13**  
**Expropriation<sup>10</sup>**

1. Neither Party shall nationalise, expropriate or subject to measures equivalent to nationalisation or expropriation a covered investment (“expropriation”), except:
  - (a) for a public purpose;
  - (b) in a non-discriminatory manner;
  - (c) on payment of prompt, adequate, and effective compensation in accordance with paragraphs 2 to 4; and
  - (d) in accordance with due process of law.
  
2. Compensation shall:
  - (a) be paid without delay;
  - (b) be equivalent to the fair market value of the expropriated investment immediately before the expropriation took place (“the date of expropriation”);
  - (c) not reflect any change in value occurring because the intended expropriation had become known earlier; and
  - (d) be fully realisable and freely transferable.

---

<sup>10</sup> This Article shall be interpreted in accordance with Annex 5 (Expropriation).

3. If the fair market value is denominated in a freely usable currency, the compensation paid shall be no less than the fair market value on the date of expropriation, plus interest at a commercially reasonable rate for that currency, accrued from the date of expropriation until the date of payment.
  
4. If the fair market value is denominated in a currency that is not freely usable, the compensation paid, converted into the currency of payment at the market rate of exchange prevailing on the date of payment, shall be no less than:
  - (a) the fair market value on the date of expropriation, converted into a freely usable currency at the market rate of exchange prevailing on that date; plus
  
  - (b) interest, at a commercially reasonable rate for that freely usable currency, accrued from the date of expropriation until the date of payment.
  
5. This Article does not apply to the issuance of compulsory licenses granted in relation to intellectual property rights in accordance with the TRIPS Agreement, or to the revocation, limitation or creation of intellectual property rights, to the extent that such issuance, revocation, limitation, or creation is consistent with Chapter 10 (Intellectual Property).

**Article 14**  
**Subrogation**

1. If a Party (or any agency, institution, statutory body or corporation designated by it) makes a payment to an investor of that Party under a guarantee, a contract of insurance or other form of indemnity against non-commercial risks it has granted in respect of an investment, the other Party shall recognise the subrogation or transfer of any right or title in respect of such investment. The subrogated or transferred right or claim shall not be greater than the original right or claim of the investor.
  
2. Where a Party (or any agency, institution, statutory body or corporation designated by it) has made a payment to an investor of that Party and has taken over rights and claims of the investor, that investor shall not, unless authorised to act on behalf of the Party (or any agency, institution, statutory body or corporation designated by it) making the payment, pursue those rights and claims against the other Party.

**Article 15**  
**Special Formalities**

1. Nothing in Article 5 (National Treatment) shall be construed to prevent a Party from adopting or maintaining a measure that prescribes special formalities in connection with covered investments, such as residency requirements for registration or a requirement that covered investments be legally constituted under the laws or regulations of the Party, provided that such formalities do not materially impair the protections afforded by a Party to investors of the other Party and covered investments pursuant to this Chapter.

2. Notwithstanding Articles 5 (National Treatment) and 6 (Most-Favoured-Nation Treatment), a Party may require an investor of the other Party, or a covered investment, to provide information concerning that investment solely for informational or statistical purposes. The Party shall protect such information that is confidential from any disclosure that would prejudice the competitive position of the investor or investments of an investor of the other Party. Nothing in this paragraph shall be construed to prevent a Party from otherwise obtaining or disclosing information in connection with the equitable and good faith application of its law.

## **Article 16**

### **Investment and Environment**

Nothing in this Chapter shall be construed to prevent either Party from adopting, maintaining, or enforcing any measure otherwise consistent with this Chapter that it considers appropriate to ensure that investment activity is undertaken in a manner sensitive to environmental concerns.

## **Article 17**

### **Denial of Benefits**

Subject to prior notification and consultation, a Party may deny the benefits of this Chapter to:

- (a) investors of the other Party where the investment is being made by an enterprise that is owned or controlled by persons of a non-Party

and the enterprise has no substantive business operations in the other Party; or

- (b) investors of the other Party where the investment is being made by an enterprise that is owned or controlled by persons of the denying Party and the enterprise has no substantive business operations in the other Party.

## **SECTION B: INVESTOR-PARTY DISPUTE SETTLEMENT**

### **Article 18**

#### **Scope**

For the purposes of this Chapter, an investment dispute is a dispute between a Party and an investor of the other Party that has incurred loss or damage by reason of, or arising out of, an alleged breach of any obligation under Section A directly concerning a covered investment of the investor of that other Party.

### **Article 19**

#### **Consultation and Negotiation**

Any investment dispute referred to in Article 18 (Scope) shall, as far as possible, be settled amicably through consultations and negotiations between the investor and the other Party, which may include the use of non-binding third-party procedures, where this is acceptable to both disputing parties. A request for consultations and negotiations shall be made in writing and shall state the nature of the dispute.

**Article 20**  
**Consent to Submission of a Claim**

1. If the dispute cannot be settled as provided for in Article 19 (Consultation and Negotiation) within six months from the date of request for consultations and negotiations then, unless the disputing parties agree otherwise, the dispute may be submitted to:

(a) arbitration under the UNCITRAL arbitration rules; or

(b) if the disputing parties agree, to any other arbitration institution or under any other arbitration rules,

provided that the disputing investor shall, at least three months' prior to submitting the claim to arbitration under subparagraph (a) or (b), provide the disputing Party with written notice of its intention to submit a claim ("notice of intent"), and further provided that, prior to giving such notice, the disputing investor obtains the disputing Party's written consent to arbitration.

2. The notice of intent shall specify:

(a) the name and the address of the disputing investor and, where relevant, the enterprise;

(b) for each claim, the provision of this Agreement alleged to have been breached and any other relevant provisions;

(c) the legal and factual basis for each claim; and

(d) the relief sought and the approximate amount of damages claimed.

3. A disputing Party may, as a condition of its consent under paragraph 1 of this Article, require the disputing investor and, where relevant, the enterprise, to provide a written waiver of its right to initiate or continue before any court or administrative tribunal under the law of either Party, or other dispute settlement procedures, any proceeding with respect to any measure alleged to constitute a breach in the dispute referred to in paragraph 1 of this Article.
4. The arbitration rules applicable under paragraph 1 of this Article, and in effect on the date the claim or claims were submitted to arbitration under this Section, shall govern the arbitration except to the extent modified by this Section.

## **Article 21**

### **Admissibility of Claims and Preliminary Objections**

1. No claim may be submitted to arbitration under this Section if more than three years have elapsed between the time at which the disputing investor became aware, or should reasonably have become aware, of a breach of an obligation under Section A causing loss or damage to the disputing investor or enterprise and the date of submission of the claim.
2. A disputing Party may, no later than 30 days after the constitution of the tribunal, file an objection that a claim is manifestly without legal merit or is otherwise outside the jurisdiction or competence of the tribunal. The disputing Party shall specify as precisely as possible the basis for the objection.

3. The tribunal shall address any such objection as a preliminary question apart from the merits of the claim. The disputing parties shall be given a reasonable opportunity to present their views and observations to the tribunal. If the tribunal decides that the claim is manifestly without legal merit, or is otherwise not within the jurisdiction or competence of the tribunal, it shall render a decision to that effect.
4. The tribunal may, if warranted, award the prevailing disputing party reasonable costs and fees incurred in submitting or opposing the objection. In determining whether such an award is warranted, the tribunal shall consider whether either the claim or the objection was frivolous or manifestly without legal merit, and shall provide the disputing parties a reasonable opportunity to comment.
5. The disputing Party does not waive any objection as to jurisdiction or competence, or any argument on the merits merely because the disputing Party did or did not raise an objection under this Article.

## **Article 22**

### **Selection of Arbitrators**

1. Unless the disputing parties otherwise agree, the arbitral tribunal shall be composed of three arbitrators.
2. Each disputing party shall appoint one arbitrator and the disputing parties shall agree upon a third arbitrator, who shall be the presiding arbitrator of the arbitral tribunal.
3. If an arbitral tribunal has not been established within 75 days from the date on which the claim was submitted to arbitration, the appointing authority, upon request of either disputing party, shall appoint, at its

own discretion, the arbitrator or arbitrators not yet appointed. The appointing authority shall not appoint a natural person of either Party as the presiding arbitrator unless the disputing parties agree otherwise.

### **Article 23**

#### **Place of Arbitration**

Unless the disputing parties otherwise agree, the tribunal shall determine the place of arbitration in accordance with the applicable arbitration rules, provided that the place shall be in either Party or a state that is a party to the *Convention on the Recognition and Enforcement of Foreign Arbitral Awards*.

### **Article 24**

#### **Interpretation of Agreement**

1. The tribunal shall, on request of the disputing Party, request a joint interpretation of the Parties of any provision of this Agreement that is in issue in a dispute. The Parties shall submit in writing any joint decision declaring their interpretation to the tribunal within 60 days of delivery of the request.
2. A joint decision issued under paragraph 1 of this Article by the Parties shall be binding on the tribunal, and any award must be consistent with that joint decision. If the Parties fail to issue such a decision within 60 days, the tribunal shall decide the issue on its own account.
3. The non-disputing Party may make oral and written submissions to the tribunal regarding the interpretation of this Agreement.

**Article 25**  
***Amicus Curiae* Submissions**

The tribunal shall have the authority to accept and consider written *amicus curiae* submissions that may assist the tribunal in evaluating the submissions and arguments of the disputing parties from a person or entity that is not a disputing party. The tribunal shall provide the disputing parties with an opportunity to respond to such written submissions.

**Article 26**  
**Consolidation of Claims**

Where two or more investors notify an intention to submit claims to arbitration which have a question of law or fact in common and arise out of the same events or circumstances, and the disputing Party's written consent has been provided in each case, the disputing parties shall consult with a view to harmonising the procedures to apply, where all disputing parties agree to the consolidation of the claims, including with respect to the forum chosen to hear the dispute.

**Article 27**  
**Transparency of Arbitral Proceedings**

1. Subject to paragraphs 2 and 4, the disputing Party shall, after receiving the following documents, promptly transmit them to the non-disputing Party and make them publicly available:
  - (a) the notice of intent;

(b) the notice of arbitration;

(c) pleadings, memorials, and briefs submitted to the tribunal by a disputing party and any written submissions submitted pursuant to paragraph 3 of Article 24 (Interpretation of the Agreement) and Article 25 (*Amicus Curiae* Submissions); and

(d) orders, awards, and decisions of the tribunal.

2. The tribunal shall conduct hearings open to the public and shall determine, in consultation with the disputing parties, the appropriate logistical arrangements. However, any disputing party that intends to use information designated as protected information in a hearing shall so advise the tribunal. The tribunal shall make appropriate arrangements to protect the information from disclosure which may include closing the hearing for the duration of any discussion of protected information.
3. Nothing in this Section requires a disputing Party to disclose protected information or to furnish or allow access to information that it may withhold in accordance with Article 2 (Security Exceptions) of Chapter 24 (General Exceptions) or Article 2 (Disclosure of Information) of Chapter 23 (General Provisions).
4. Any information specifically designated as protected information that is submitted to the tribunal or the disputing parties shall be protected from disclosure.
5. For greater certainty, a disputing party may disclose to persons directly connected with the arbitral proceedings such protected information as it considers necessary for the preparation of its case, but it shall require that such protected information is protected.

6. Nothing in this Section requires a disputing Party to withhold from the public information required to be disclosed by its laws.

## **Article 28**

### **Awards**

1. Where a tribunal makes a final award against a disputing Party, the tribunal may award, separately or in combination, only:
  - (a) monetary damages and any applicable interest; and/or
  - (b) restitution of property, in which case the award shall provide that the disputing Party may pay monetary damages and any applicable interest in lieu of restitution.
2. A tribunal may also award costs and fees in accordance with this Section and the applicable arbitration rules.
3. A tribunal may not award punitive damages.
4. An award made by a tribunal shall be final and binding on the disputing parties. An award shall have no binding force except between the disputing parties and in respect of the particular case.
5. A disputing party may not seek enforcement of a final award until all applicable review procedures have been completed.
6. Subject to paragraph 5 of this Article, a disputing party shall abide by and comply with an award without delay.

7. Each Party shall ensure that an award can be recognised and enforced in its jurisdiction.

**Article 6**  
**Most-Favoured-Nation Treatment**

1. Each Party shall accord to services and service suppliers of the other Party treatment no less favourable than that it accords, in like circumstances, to services and service suppliers of a non-Party.

### **Article 7**

#### **Local Presence**

2. Articles 4 (Market Access), 5 (National Treatment), 6 (Most-Favoured-Nation Treatment) and 7 (Local Presence) do not apply to any measure that a Party adopts or maintains with respect to sectors, sub-sectors or activities, as set out in its Schedule to Annex 4:II.

## **Article 9**

### **Review**

The Parties shall consult within two years of entry into force of this Agreement and at least every three years thereafter, or as otherwise agreed, to review the implementation of this Chapter and consider other trade in services issues of mutual interest, with a view to the progressive liberalisation of the trade in services between them on a mutually advantageous basis.

**Article 10**  
**Transparency**

1. Each Party shall publish promptly or otherwise make publicly available international agreements pertaining to or affecting trade in cross-border services to which it is a signatory.
2. Each Party shall respond promptly to all requests by the other Party for specific information on any of its measures of general application which pertain to or affect the operation of this Chapter or international agreements within the meaning of paragraph 1 of this Article.

**Article 11**  
**Contact Points**

1. Each Party shall designate a contact point for trade in services to facilitate communication between the Parties, and shall provide details of such contact point to the other Party.
2. The Parties shall notify each other promptly of any amendments to the details of their contact points.

**Article 12**  
**Domestic Regulation**

1. Each Party shall ensure that all measures of general application affecting cross-border trade in services are administered in a reasonable, objective and impartial manner.

2. Each Party shall maintain or institute as soon as practicable judicial, arbitral or administrative tribunals or procedures which provide, at the request of an affected service supplier, for the prompt review of and, where justified, appropriate remedies for, administrative decisions affecting cross-border trade in services. Where such procedures are not independent of the agency entrusted with the administrative decision concerned, the Party shall ensure that the procedures in fact provide for an objective and impartial review.
3. With a view to ensuring that measures relating to qualification requirements and procedures, technical standards, and licensing requirements and procedures do not constitute unnecessary barriers to cross-border trade in services, each Party shall ensure that any such measures that it adopts or maintains:
  - (a) are based on objective and transparent criteria, such as competence and the ability to supply the service;
  - (b) are not more burdensome than necessary to ensure the quality of the service; and
  - (c) in the case of licensing and qualification procedures, do not in themselves constitute a restriction on the supply of the service.
4. In determining whether a Party is in conformity with its obligations under paragraph 3, account shall be taken of international standards of relevant international organisations applied by that Party.
5. Where authorisation is required for the supply of a service, each Party shall ensure that its competent authorities:

- (a) in the case of an incomplete application, at the request of the applicant, identify all the additional information that is required to complete the application and provide the opportunity to remedy deficiencies within a reasonable timeframe;
  - (b) within a reasonable period of time after the submission of an application considered complete under domestic law, inform the applicant of the decision concerning the application;
  - (c) to the extent practicable, establish an indicative timeframe for processing of an application;
  - (d) at the request of the applicant, provide, without undue delay, information concerning the status of the application; and
  - (e) if an application is rejected or denied, to the maximum extent possible, inform the applicant in writing and without undue delay the reasons for such action. The applicant will have the possibility of resubmitting, at its discretion, a new application.
6. Each Party shall ensure its competent authorities, where appropriate, accept copies of documents authenticated in accordance with domestic law, in place of original documents.
7. If licensing or qualification requirements include the completion of any examination, each Party shall ensure that:
- (a) the examination is scheduled at reasonably frequent intervals;
  - (b) a reasonable period of time is provided to enable interested persons to submit an application.

8. Each Party shall ensure that any licensing fees<sup>12</sup> and qualification fees charged by the competent authority for the completion of relevant application procedures are reasonable, transparent and commensurate with the administrative costs incurred by the authority, including those for activities related to regulation and supervision of the relevant service.
9. Each Party shall provide for adequate procedures to verify the competence of professionals of the other Party.
10. The obligations in paragraphs 5 to 8 shall not apply to measures to the extent that they are subject to scheduling under Articles 4 (Market Access) and 5 (National Treatment) in the Party's schedules to Annex 4:I and 4:II.
11. If the results of the negotiations related to Article VI(4) of GATS (or the results of any similar negotiations undertaken in other multilateral fora in which the Parties participate) enter into effect, the Parties shall jointly review such results. Where the joint review assesses that the incorporation of such results into this Agreement would improve or strengthen the disciplines contained herein, the Parties shall jointly determine whether to incorporate such results into this Agreement.

---

<sup>12</sup> Licensing fees do not include payments for the use of natural resources, payments for auction, tendering or other non-discriminatory means of awarding concessions, or mandated contributions to universal service provision.

**Article 13**  
**Recognition**

1. For the purposes of the fulfilment, in whole or in part, of its standards or criteria for the authorisation, licensing or certification of service suppliers, and subject to the requirements of paragraph 4, a Party may recognise the education or experience obtained, requirements met, or licences or certification granted in the other Party.
  
2. Where a Party recognises, autonomously or by agreement or arrangement, the education or experience obtained, requirements met or licences or certification granted in a non-Party, nothing in Article 6 (Most-Favoured-Nation Treatment) shall be construed to require the Party to accord such recognition to the education or experience obtained, requirements met, or licences or certifications granted in the other Party.
  
3. A Party that is a party to an agreement or arrangement of the type referred to in paragraph 2, whether existing or future, shall afford adequate opportunity for the other Party, upon request, to negotiate its accession to such an agreement or arrangement or to negotiate a comparable one with it. Where a Party accords recognition autonomously, it shall afford adequate opportunity for the other Party to demonstrate that education or experience obtained, requirements met, or licences or certifications granted in that other Party should be recognised.
  
4. A Party shall not accord recognition in a manner which would constitute a means of discrimination between countries in the application of its standards or criteria for the authorisation, licensing or certification of

service suppliers, or a disguised restriction on cross-border trade in services.

5. Where appropriate, the Parties agree to facilitate the establishment of dialogue between the relevant experts, regulators and/or industry bodies to share and maintain qualifications recognition processes with a view to encourage the achievement of recognition of qualifications and/or professional registration.
6. Such recognition may be achieved through harmonisation, recognition of regulatory outcomes, recognition of qualifications and professional registration awarded by one Party as a means of complying with the regulatory requirements of the other Party (whether accorded autonomously or by mutual arrangement) or recognition arrangements concluded between the Parties and between industry bodies.

#### **Article 14** **Subsidies**

Notwithstanding paragraph 3(c) of Article 2 (Scope):

- (a) the Parties shall review the issue of disciplines on subsidies related to cross-border trade in services in the light of any disciplines agreed under Article XV of GATS, with a view to the incorporation of such disciplines into this Agreement; and
- (b) a Party which considers that it is adversely affected by a subsidy of the other Party related to cross-border trade in services may request consultations on such matters. The Parties shall enter into such consultations.

#### **Article 15**

## **Monopolies and Exclusive Service Suppliers**

1. Each Party shall ensure that any monopoly supplier of a service in its jurisdiction does not, in the supply of the monopoly service in the relevant market, act in a manner inconsistent with that Party's obligations under Articles 4 (Market Access), 5 (National Treatment), 6 (Most-Favoured-Nation Treatment) and 7 (Local Presence) except as set out in its Schedules to Annexes 4:I and 4:II.
  
2. Where a Party's monopoly supplier of a service competes, either directly or through an affiliated company, in the supply of a service outside the scope of its monopoly rights, the Party shall ensure that such a supplier does not abuse its monopoly position to act in its jurisdiction in a manner inconsistent with that Party's obligations under Articles 4 (Market Access), 5 (National Treatment), 6 (Most-Favoured-Nation Treatment) and 7 (Local Presence) except as set out in its Schedules to Annexes 4:I and 4:II.
  
3. If a Party has reason to believe that a monopoly supplier of a service of the other Party is acting in a manner inconsistent with paragraphs 1 or 2, that Party may request the other Party establishing, maintaining or authorising such supplier to provide specific information concerning the relevant operations.
  
4. This Article shall also apply to cases of exclusive service suppliers, where a Party, formally or in effect:
  - (a) authorises or establishes a small number of service suppliers; and
  
  - (b) substantially prevents competition among those suppliers in its jurisdiction.

**Article 16**  
**Transfer and Payments**

1. Each Party shall permit all transfers and payments relating to the cross-border supply of services to be made freely and without delay into and out of its jurisdiction.
  
2. Each Party shall permit such transfers and payments relating to the cross-border supply of services to be made in a freely usable currency at the market rate of exchange prevailing at the time of transfer.
  
3. Notwithstanding paragraphs 1 and 2 of this Article, a Party may prevent or delay a transfer or payment through the equitable, non-discriminatory and good faith application of its laws relating to:
  - (a) bankruptcy, insolvency or the protection of the rights of creditors;
  
  - (b) issuing, trading or dealing in securities, futures, options, or derivatives;
  
  - (c) financial reporting or record keeping of transfers when necessary to assist law enforcement or financial regulatory authorities;
  
  - (d) criminal or penal offences;

The arbitral tribunal may comprise only the chair of the original arbitral tribunal if the Parties so agree.

## **Article 9**

### **Functions of Arbitral Tribunals**

1. The function of an arbitral tribunal is to make an objective assessment of the dispute before it, including an objective assessment of the facts of the case and the applicability of and conformity with this Agreement, and make such other findings and rulings necessary for the resolution of the dispute referred to it as it thinks fit. The findings and rulings of the arbitral tribunal shall be binding on the Parties.

3. In exceptional cases, if the arbitral tribunal considers it cannot release its initial report within 90 days, or within 60 days in cases of urgency, it shall inform the Parties in writing of the reasons for the delay together

Where the Parties fail to agree on the reasonable period of time within 45 days of the presentation to the Parties of the arbitral tribunal's final report, either Party may refer the matter, in accordance with paragraph 9 of Article 8 (Composition of Arbitral Tribunals), to the original arbitral tribunal, which shall determine the reasonable period of time following consultation with the Parties.

3. The arbitral tribunal shall provide its report to the Parties within 60 days of the date on which the arbitral tribunal is established to consider the matter referred to in paragraph 2 of this Article. If a failure to comply with the findings and rulings of the arbitral tribunal has been established in accordance with paragraph 1 of Article 14 (Compliance with Reasonable Period of Time) or the responding Party notifies the complaining Party in writing that it does not intend to comply with the findings and rulings, the responding Party shall, if so requested, enter into negotiations with the complaining Party within 10 days of the receipt of such request with a view to reaching a mutually satisfactory agreement on any necessary compensatory adjustment.
2. If no mutually satisfactory agreement on compensatory adjustment as set out in paragraph 1 of this Article is reached within 20 days of entering into negotiations, the complaining Party may at any time thereafter notify the responding Party that it intends to suspend the application to the responding Party of benefits of equivalent effect and shall have the right to begin suspending those benefits 30 days after the receipt of notification. Benefits shall not be suspended while the complaining Party is pursuing negotiations under paragraph 1 of this Article.

3. Compensation and the suspension of benefits shall be temporary measures. Neither compensation nor the suspension of benefits is preferred to full compliance with the findings and rulings of the arbitral tribunal. Compensation and suspension of benefits shall only be applied until such time as the measure found to be not in conformity with this Agreement has been brought into conformity, or the Party that must comply with the arbitral tribunal's findings and rulings has done so, or a mutually satisfactory solution is reached.
  
4. In considering what benefits to suspend pursuant to paragraph 2 of this Article:
  - (a) the complaining Party shall first seek to suspend benefits in the same sector or sectors as that affected by the measure or other matter that the arbitral tribunal has found to be not in conformity with this Agreement or to have caused nullification or impairment; and
  
  - (b) the complaining Party may suspend benefits in other sectors if it considers that it is not practicable or effective to suspend benefits in the same sector or sectors. The communication in which it announces such a decision shall indicate the reasons on which it is based.
  
5. Any suspension of benefits shall be restricted to benefits accruing to the responding Party under this Agreement.

## **Article 16**

### **Review**

1. Where the right to suspend benefits has been exercised under Article 15 (Compensation and Suspension of Benefits), upon written request of the responding Party, the arbitral tribunal shall decide whether:
  - (a) the level of benefits suspended by the complaining Party is not of equivalent effect pursuant to Article 15 (Compensation and Suspension of Benefits); or
  - (b) the responding Party has complied with the findings and rulings of the original arbitral tribunal.
2. Such matters shall be decided through recourse to the dispute settlement procedures in this Chapter, including wherever possible by resort to the original arbitral tribunal in accordance with paragraph 9 of Article 8 (Composition of Arbitral Tribunals).
3. The arbitral tribunal shall provide its report to the Parties within 90 days of the date on which the arbitral tribunal is established to consider the matters referred to in paragraph 1 of this Article. When the arbitral tribunal considers that it cannot provide its report within this timeframe, it shall inform the Parties in writing of the reasons for the delay together with an estimate of the period within which it will submit its report. Any delay shall not exceed a further period of 30 days unless the Parties otherwise agree.
4. If the arbitral tribunal finds that the level of benefits suspended by the complaining Party is not of equivalent effect, the complaining Party shall modify the level of suspension of benefits accordingly. If the

arbitral tribunal finds that the responding Party has complied with the findings and rulings, the complaining Party shall promptly reinstate any benefits it has suspended under Article 15 (Compensation and Suspension of Benefits).

### **Article 17**

#### **Expenses**

Unless the arbitral tribunal decides otherwise because of the particular circumstances of the case, each Party shall bear the cost of its appointed arbitrator and its own expenses. The cost of the chair of the arbitral tribunal and other expenses associated with the conduct of arbitral tribunal proceedings shall be borne by the Parties in equal shares.

**Application**

1. This Agreement shall apply to the Separate Customs Territory of Taiwan, Penghu, Kinmen and Matsu.
2. This Agreement shall apply to the territory of New Zealand, but shall not include Tokelau.
3. Each Party is fully responsible for the observance of all provisions in this Agreement and shall take such reasonable measures as may be available to it to ensure their observance by its regional and local governments and authorities, and non-governmental bodies (in the exercise of governmental powers delegated to them).

**Article 2**  
**Disclosure of Information**

Nothing in this Agreement shall be construed to require either Party to furnish or allow access to information, the disclosure of which it considers would:

- (a) be contrary to the public interest as determined by its law;
- (b) be contrary to any of its legislation, including those protecting personal privacy or the financial affairs and accounts of individual customers of financial institutions;

(c) impede law enforcement; or

(d) prejudice legitimate commercial interests of particular enterprises, public or private.

### **Article 3**

#### **Relation to Other International Agreements**

1. Nothing in this Agreement shall derogate from the existing rights and obligations of a Party under the WTO Agreement or any other international agreement to which it is a party.
2. In the event of any inconsistency between this Agreement and any other agreement to which both Parties are party, the Parties shall immediately consult with each other with a view to finding a mutually satisfactory solution in accordance with customary rules of public international law.

### **Article 4**

#### **Succession of International Agreements**

Where this Agreement refers to or incorporates any other international agreement, it shall apply in the same way to any amendments or successor international agreements to which the Parties are party, unless the Parties otherwise agree.

**Article 5**  
**Confidentiality**

Where a Party provides information to the other Party in accordance with this Agreement and designates the information as confidential, the other Party shall maintain the confidentiality of the information. Such information shall be used only for the purposes specified, and shall not be otherwise disclosed without the specific permission of the Party providing the information, except to the extent that the Party receiving the information is required under its domestic law to provide the information, including for the purpose of judicial proceedings.

**Article 6**  
**Financial Provisions**

Any cooperative activities envisaged or undertaken under this Agreement shall be subject to the availability of resources and to the domestic law and policies of the Parties. Costs of cooperative activities shall be borne in such manner as may be mutually determined from time to time between the Parties.

**CHAPTER 24**  
**GENERAL EXCEPTIONS**

**Article 1**  
**General Exceptions**

1. For the purposes of this Agreement, Article XX of GATT 1994 and its interpretive notes and Article XIV of GATS (including its footnotes) are incorporated into and made part of this Agreement, *mutatis mutandis*.
2. The Parties understand that the measures referred to in Article XX(b) of GATT 1994 and Article XIV(b) of GATS include environmental measures necessary to protect human, animal or plant life or health, and that Article XX(g) of GATT 1994 applies to measures relating to the conservation of living and non-living exhaustible natural resources.
3. For the purposes of this Agreement, subject to the requirement that such measures are not applied in a manner which would constitute a means of arbitrary or unjustifiable discrimination between the Parties where like conditions prevail, or a disguised restriction on trade in goods or services and investment, nothing in this Agreement shall be construed to prevent the adoption or enforcement by a Party of measures necessary to protect that Party's works or specific sites of historical or archaeological value, or to support creative arts<sup>16</sup> of significant value to that Party as a whole.

---

<sup>16</sup> "Creative arts" include: the performing arts – including theatre, dance and music – visual arts and craft, literature, film and video, language arts, creative on-line content, indigenous traditional practice and contemporary cultural expression, and digital interactive media and hybrid art work, including those that use new technologies to transcend discrete art form divisions. The term encompasses those activities involved in the presentation, execution and interpretation of the arts; and the study and technical development of these art forms and activities.

**Article 2**  
**Security Exceptions**

For the purposes of this Agreement, Article XXI of GATT 1994 and its interpretative notes and Article XIV bis of GATS are incorporated into and made part of this Agreement, *mutatis mutandis*.

**Article 3**  
**Measures to Safeguard the Balance of Payments**

1. Where a Party is in serious balance of payments and external financial difficulties or under threat thereof, it may:
  - (a) in the case of trade in goods, in accordance with GATT 1994 and the WTO *Understanding on the Balance-of-Payments Provisions of the General Agreement on Tariffs and Trade 1994*, adopt restrictive import measures;
  - (b) in the case of services, in accordance with GATS, adopt or maintain restrictions on trade in services on which it has undertaken commitments, including on payments or transfers for transactions related to such commitments; and
  - (c) in the case of investments, adopt or maintain restrictions with regard to the transfer of funds related to investment, including those on capital account and the financial account.

2. Restrictions adopted or maintained under subparagraph 1 (b) or 1 (c) shall:
  - (a) be consistent with the *Articles of Agreement* of the International Monetary Fund;
  - (b) avoid unnecessary damage to the commercial, economic and financial interests of the other Party;
  - (c) not exceed those necessary to deal with the circumstances described in paragraph 1 of this Article;
  - (d) be temporary and be phased out progressively as the situation specified in paragraph 1 of this Article improves; and
  - (e) be applied on a national treatment basis and such that the other Party is treated no less favourably than any non-Party.
3. In determining the incidence of such restrictions, the Parties may give priority to economic sectors which are more essential to their economic development. However, such restrictions shall not be adopted or maintained for the purpose of protecting a particular sector.
4. Any restrictions adopted or maintained by a Party under paragraph 1 of this Article, or any changes therein, shall be notified to the other Party within 14 days from the date such measures are taken.
5. The Party adopting or maintaining any restrictions under paragraph 1 of this Article shall commence consultations with the other Party within 45 days from the date of notification in order to review the measures adopted or maintained by it.

**Article 4**  
**Prudential Measures**

Notwithstanding any other provisions of this Agreement, a Party shall not be prevented from taking measures for prudential reasons, including for the protection of investors, depositors, policy holders or persons to whom a fiduciary duty is owed by a financial service supplier, or to ensure the integrity and stability of the financial system. Where such measures do not conform with the provisions of the Agreement, they shall not be used as a means of avoiding the Party's commitments or obligations under the Agreement.

**Article 5**  
**Taxation Measures**

1. Except as provided in this Article, nothing in this Agreement shall apply to taxation measures.
2. This Agreement shall only grant rights or impose obligations with respect to taxation measures:
  - (a) where corresponding rights or obligations are also granted or imposed under the WTO Agreement; or
  - (b) under Article 13 (Expropriation) of Chapter 12 (Investment).
3. Nothing in this Agreement shall affect the rights and obligations of the Parties under any tax agreement relating to the avoidance of double taxation in force between the Parties.

4. In the event of any inconsistency relating to a taxation measure between this Agreement and the *Agreement Between the Taipei Economic and Cultural Office in New Zealand and the New Zealand Commerce and Industry Office For the Avoidance of Double Taxation and the Prevention of Fiscal Evasion With Respect to Taxes on Income*, done at Auckland on 11 November 1996, the latter shall prevail. Any consultations between the Parties about whether an inconsistency relates to a taxation measure shall include representatives of the competent authorities of the aforesaid latter agreement.
5. Nothing in this Agreement shall be regarded as obliging a Party to extend to the other Party the benefit of any treatment, preference or privilege arising from any existing or future agreement on the avoidance of double taxation or from the provisions on the avoidance of double taxation in any other international agreement or arrangement by which the Party is bound.

## **Article 6**

### **Treaty of Waitangi**

1. Provided that such measures are not used as a means of arbitrary or unjustified discrimination against persons of the other Party or as a disguised restriction on trade in goods and services, nothing in this Agreement shall preclude the adoption by New Zealand of measures it deems necessary to accord more favourable treatment to Māori in respect of matters covered by this Agreement including in fulfilment of its obligations under the Treaty of Waitangi.

2. The Parties agree that the interpretation of the Treaty of Waitangi, including as to the nature of the rights and obligations arising under it, shall not be subject to the dispute settlement provisions of this Agreement. Chapter 21 (Dispute Settlement) shall otherwise apply to this Article. An arbitral tribunal established under Article 7 (Establishment of an Arbitral Tribunal) may be requested by Chinese Taipei to determine only whether any measure (referred to in paragraph 1 of this Article) is inconsistent with its rights under this Agreement.

**CHAPTER 25**  
**FINAL PROVISIONS**

**Article 1**  
**Annexes and Footnotes**

The Annexes and footnotes to this Agreement shall constitute an integral part of this Agreement.

**Article 2**  
**Amendments**

This Agreement may be amended by agreement in writing by the Parties and such amendments shall come into force on such date or dates as may be agreed between them.

**Article 3**  
**Entry into Force, Duration and Termination**

1. Entry into force of this Agreement shall be subject to the completion of the necessary domestic procedures of both Parties. The Parties shall notify each other in writing upon the completion of such procedures. This Agreement shall enter into force on the date specified in such written notification.
  
2. This Agreement shall remain in force until one Party gives written notice of its intention to terminate it, in which case this Agreement shall terminate 180 days after the date of the notice of termination.

IN WITNESS WHEREOF the undersigned, being duly authorised thereto,  
have signed this Agreement.
