Attachment 7 Toxicity Testing Items for Registering Environmental Agent Active Components in Taiwan for the first Time

| Testing Items | Mandatory | Optional |
|--|-----------|----------|
| (Acute toxicity testing) | | |
| (Acute oral toxicity) | 0 | |
| (Acute dermal toxicity) | 0 | |
| (Acute inhalation toxicity) | 0 | |
| (Acute eye irritation) | 0 | |
| (Acute dermal irritation) | 0 | |
| (Dermal sensitization) | 0 | |
| (Acute neurotoxicity) | | Δ |
| (Subchronic toxicity testing) | | |
| (90-day feeding toxicity) | 0 | |
| (21-day dermal toxicity) | | Δ |
| (90-day inhalation toxicity) | | Δ |
| (90-day neurotoxicity) | | Δ |
| (Chronic toxicity testing) | | |
| (Long-term Chronic feeding toxicity) | 0 | |
| (Oncogenicity) | 0 | |
| (Two-Generation Reproduction Toxicity) | 0 | |
| (Teratogenicity) | 0 | |
| (Mutagenicity testing) | | |
| In vitro mammalian cell chromosome assay | 0 | |
| Bacterial reverse gene mutation assay | 0 | |
| In vivo mammalian cell chromosome cytogenetics | 0 | |
| assay | | |
| (Metabolism) | | |
| (Metabolism in animal) | 0 | |
| (Metabolism in plant) | | Δ |
| (Environmental fate studies) | | |
| (Hydrolysis) | 0 | |
| (Photodegradation) | 0 | |
| (Metabolism in soil) | 0 | |
| (Metabolism in Aquatic) | | Δ |
| (Accumulation studies) | | Δ |
| (Nontarget organism toxicity) | | |
| (Aquatic organism toxicity) | 0 | |
| (Avian toxicity) | | Δ |
| (Honey bee acute contact toxicity) | | Δ |

 \triangle Selective inspection tool: The toxic test data should be provided if the original manufacturer has it.
